

Memorandum

Date: December 4, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Approving First County Amendment to the Technical Services Agreement Relating to the MIA Mover Automated People Mover System Project Agreement at Miami International Airport, Project No. J104A, MDAD-L+E -07-07, in the amount of \$10

Agenda Item No. 8(A)(1)(B)

RECOMMENDATION

It is recommended that the Board approve the Resolution authorizing a First County Amendment to the Technical Services Agreement relating to the MIA Mover Automated People Mover (APM) System Project Agreement (Agreement) between Miami-Dade County and Lea+Elliott, Inc. (L+E), and authorize the Mayor or his designee to execute the First Amendment attached hereto, and exercise any cancellation, termination or renewal provisions contained therein.

SCOPE

Miami International Airport (MIA) is located within Commission District 6. However, the impact of this agenda item is countywide in nature as MIA is a regional asset.

FISCAL IMPACT/FUNDING SOURCE

The impact associated with this amendment is \$10 and other consideration. Reference to "other valuable consideration" includes the obligations of each party under the agreement and is necessary to create a legally binding agreement. Because L+E is promising to change its obligations under the contract, the County must also grant something of equal value. Funding for this project in the amount of \$13,900,832.00, comes from the MIA Capital Improvement Program (CIP) and the Florida Department of Transportation (FDOT). To date, L+E has invoiced \$6,417,875 on this project; the remaining funding balance is \$7,482,956.

TRACK RECORD/MONITOR

According to Miami-Dade Aviation Department (MDAD) Project Managers Franklin Stirrup (MIA Mover), Juan Carlos Arteaga (North Terminal Development/NTD), and Arthur Buck (E-Satellite), L+E has been involved in the MIA Mover, and North Terminal Automated People Mover (APM) projects since the planning stage. L+E has assisted MDAD throughout the Procurement, Award, Design, Manufacturing and Installation phases of the North Terminal APM project and the programming and ongoing procurement phase of the MIA Mover project. L+E is a professional organization that has performed exemplary services for MDAD on these projects. Staff is well respected by MDAD, and considered essential to the successful completion of the MIA Mover Project and the North Terminal Development Program. MDAD Project Manager Franklin Stirrup will monitor this contract.

BACKGROUND

The County determined in the planning, procurement, implementation and project management and controls phases for the MIC/MIA Connector project (aka MIA Mover) that it needed specialized technical knowledge of automated guideway transit systems, and requested Dade Aviation Consultants (DAC) to assist in the effort. DAC, not having in-house technical expertise needed for such a project,

sought outside assistance with County approval through a public solicitation process similar to the County's own consultant solicitation and selection process. The respondents to the solicitation were evaluated with the advice and counsel of MDAD and Miami-Dade Transit (MDT) staff, who participated on the Selection and Negotiating Committee. The firm of Lea+Elliott, Inc., an internationally known transportation consultant considered one of the industry's leaders in automated transit systems with extensive experience in airport transit projects, was selected and an agreement negotiated with oversight from the Office of the Inspector General (OIG).

The Agreement included a provision that the Agreement could be assigned to Miami-Dade County (County), a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, and the County has exercised its rights to such assignment of the Agreement through an accompanying item on today's agenda. In that the County has terms and conditions that are standard to professional services agreements it enters into -- such as indemnification, insurance, and the Inspector General provisions -- the County desires to have those terms and conditions included into the Agreement through this First Amendment.
